

## OF INTEREST TO WOMEN.

SLOANE-BURDEN.

A Swell Wedding at Lenox, Mass., Yesterday.

Lenox, Mass., June 6.—Two of the richest families in America were united today at noon when at Trinity church, James Abercrombie Burden, Jr., and Miss Florence Adele Sloane, grand-daughter of Mrs. William Vanderbilt, were married. The most elaborate preparations had been made for the event, involving the expenditure of \$100,000.

About 300 guests were under the care of Mr. and Mrs. William Douglas Sloane. Mrs. Anson Phelps Stokes entertained fully eighty guests at her residence "Shadow Brooks." The church was trimmed with white and green, the colors of the Porcelaine club, the most exclusive organization at Harvard university of which Mr. Burden is a member. The ushers, all members of the class 1883, at Harvard with the groom, were Thomas L. Perkins, Louis Adams, Rufus K. Thomas, George B. Blake, George Richard Parren, Columbus C. Baldwin. The brides-

gown, while the green has a charmingly nymph-like, rustic effect and also lends itself to most color combinations. Bows of lace and ruffled chiffon are for sale for summer wear and are as fragile as they are pretty. Chiffon and crêpe ruffling, very full, are also for sale by the yard and make an exceedingly pretty decoration for their capes. Yokes and collars of finest organdie, much ruffled, embroidered and tucked, are now fashionable again after the long interval in which wash goods for necessities, even handkerchiefs, have been out of favor.

The illustration shows a dainty house toilet of rose bengaline. The fitted back has a wattleau plait, while the straight front has a puffing of cream mousseline de sole on each side. A wide lace collar covers the shoulders, and the balloon sleeve extends only to the elbow.

maids were Misses Emily and Lila Sloane, sisters of the bride, and Miss Gertrude Vanderbilt and Miss Beatrice Bond. The maids of honor were Miss Ruth Tomblay and Miss Jessie Sloane. Frederick Winthrop was the best man. The bride's dress was by Worth of heavy satin, ivory colored, trimmed with point lace; the veil was of very rare old lace, fastened at the crown of the head with a bunch of orange blossoms. The services were read by Rev. Dr. William Fowler, rector of Trinity church, and the blessing was given by Rev. Dr. John Hall, of New York.

Directly after the ceremony, traps were in readiness to convey the guests to Elm Court, the Lenox country place of Mr. and Mrs. Sloane. Here the bride's breakfast was served. Among the guests was W. K. Vanderbilt, who was not expected, but came up on Tuesday in a private car.

### ANOTHER JUNE WEDDING.

Marriage of Miss Florence Burton and Dr. E. E. Wilcox, Yesterday.

Miss Florence Burton, daughter of Bishop and Mrs. R. T. Burton, and Dr. E. E. Wilcox, were united in marriage at the temple yesterday.

In the evening there was given at the home of the bride's parents on First South an informal reception, at which a large company of friends and relatives of the bride and groom assembled.

The grounds were illuminated with Chinese lanterns and within the decorations were tasteful and appropriate, consisting mostly of spring and festoons of pink roses. Outside of the many relatives of the well known families, nearly all the guests on the occasion were members of the Shakespeare society, of which both the bride and groom have for a long time been prominent members.

The couple will remain at the residence of the bride's parents until Monday morning. They will then take up their abode at Nephi, where Dr. Wilcox has an extended practice.

### GOWNS AND HATS.

Fancy Straw Braids—Boas of Lace Stuffed Chiffon.

For a girl's theatre or party blouse nothing could be in nicer taste or more becoming than one of muslin chiffon, a fabric silky as gauze and soft as chiffon.

Funer and evening gowns are nearly all cut square across, with a short sleeve falling off the shoulder. A great deal of lace is employed on the bodices,

which is highly desirable, as lace is the most universally becoming sort of trimming. Where the decolletage is formal rather than actual it is filled with subtle, crepe or mousseline de sole, gathered at the neck under a ribbon collar, upon which a flower is placed.

Three and four different sorts and colors of flowers are seen on the same dress or bonnet this season, which is a comparative novelty. Kingpins, shaded pascies and lilacs of the valley were grouped upon one toque.

Straw is employed not only for hats, but for the trimming, forming frills and rosettes that are both durable and effective. The straw braids are beautifully woven in every shade of color, rose, gold, green, mauve—in fact all tones seen in dress goods—but perhaps the prettiest are the rough straw white kind and that of a red or green color. The white may be trimmed with flowers the color of the

house costume.

## MILLSPAUGH SELECTED.

Re-elected Superintendent by the Board of Education.

BUSY SESSION LAST NIGHT.

TEACHERS EMPLOYED HAVE NOT YET ACCEPTED.

Teacher Roberts Writes the Board an Impudent Letter and is Fired—Treasurer Makes a Report Which Shows a Decrease in Finances—High School Matters—The Program Arranged—Applications of Teachers—Other Business of the Meeting.

Dr. Millspaugh was again elected superintendent of public schools for Salt Lake city, at the meeting of the board of education last night, the nomination being made by Mr. Hansen and seconded by Mr. Westfield.

This is the fifth time Dr. Millspaugh has served in the capacity of superintendent. He has made a good record and has a host of friends in the city who will rejoice at the selection of the board.

The salary of the position remains the same, \$3,000 per year. Last night's meeting was of important importance, several matters of magnitude being passed upon. The commencement exercises of the High School were arranged and several teachers appointed. The treasurer of the board filed his report among other papers which were presented. The report shows that the finances of the board, like those of the city, are growing less every day and it is, perhaps, a good thing for the treasury that the school year is so near its close.

The proceedings of the meeting are as follows:

**Teachers Protest.**  
A petition from the teachers concerning salaries urged that an injustice has been done by the adoption of the recent salary schedule. By the terms of this document if it should be made final, those maxima of salary are established, one \$72, one \$67.50 and \$65.

The teachers claim that teachers on the force cannot obtain the highest limit by training, growth and skill, those who receive \$72.50 and \$72 being the only ones eligible to increase.

The petition insists that maximum salaries be so fixed that teachers shall stand upon capacity and merit in order to reach, and the petition asks that the salary maximum be fixed at \$72 per month. This was signed by 110 teachers and endorsed by about fifty leading taxpayers, such as W. L. Pickard, M. H. Walker, Geo. M. Scott and others. The petition was referred to the committee on teachers and school work.

**Teachers' Applications.**

Applications to teach were made by the following: Joseph Breunemann, Ann Arbor Mich., biology; W. B. Flanders, Alton, Kansas, prin. or H. S.; Jennie McNeill, city teacher; Ella E. King, Ogden, Utah, mathematics; Kate Boyd, Arkansas City, teacher; T. E. Lewis, seventh or eighth grade; T. E. Lewis, Granville, Ohio, mathematics; Mabel E. Bowers, Hornsleville, N. Y., teacher; Margaret Lewis, Mason City, Ia., H. S.; Carrie Smith Flanders, Kansas City, Mo., teacher; Horace Cummings, city teacher; H. B. Arnold, Ogden, Utah, mathematics; Max V. Gilmore, Wellington, Kan., teacher; Miss May Avery, Syracuse, N. Y., H. S.; Clara Scott, Eureka, Utah, teacher; May W. Pearce, city teacher; T. S. Bentley, Corry, Pa., teacher; J. Hamilton (penmanship), Columbus, O.; N. H. Brodie, Walsenburg, Colo., prin.; Mrs. Cora A. Stonehouse, Pueblo, Colo.; Nellie Prindle, city teacher; H. S. Murphy, city teacher; Herman J. Locke, Kansas City, Mo., prin.

**Treasurer's Report.**

Treasurer Whitney filed his report for May as follows:  
Amount on hand May 1, 1895, \$48,065.04  
Received of F. J. Leonard, 131.39  
Total, \$48,196.43  
Disbursements per vouchers, \$12,016.82  
Balance, \$36,179.61

**Teachers Employed.**

Clerk Moreton notified the board that of the 189 teachers elected, 177 have accepted. The following have declined: Della L. Straup, Belle Plaine, Mo.; Anna Bulther, Mary G. Major, Minnie Thompson, J. C. Cross, Rose Larsen, Sallie L. Cox, Marion E. Groves, Lottie Atkinson and James A. Langton have not been heard from.

**Roberts is Fired.**

John G. Roberts, one of the teachers in a letter to the board, declares that he was basely deceived in coming here. He thought when he left his home in far off Indianapolis, to come here, so he says, that he would advance and advance until he got up to \$140 per month. He declines \$85 per month on the ground that he has been insulted by one member of the board, who he claims, has acted independently of the board. Roberts indirectly alleges that politics take a figure here and intimates that partiality reigns, while merit counts no figure.

Later a letter was read from Mr. Roberts withdrawing this letter and offering to write another.

This precipitated a severe debate. Messrs. Hansen and Baldwin maintaining that the letter charged the chairman of the teacher's committee with unfairness, and therefore the letter should go to another committee for investigation.

Woolley wanted to return the gentleman to Indianapolis where he came from, while Bywater and Thomas wanted to return Roberts all his courtesy and correspondence together with a notice that his services are no longer required. Later this motion was reconsidered as to returning Roberts his correspondence, but the dismissal stood.

**School Supplies.**

The committee on teachers and school work reported that it had under consideration the purchase of the necessary school supplies for the school year beginning July 1st, 1895, and has directed the clerk to advertise in the daily papers for bids to be opened June 25, 1895, at noon, for furnishing the school supplies consisting of 800 gross pens, 50 gross penholders, 1,000 gross pencils, 40 gross lead pencils, 7,000 gross envelopes, 120 gross boxes of crayons, 100 gross colored (assorted) crayons, 8,000 gross erasers, 2,500 gross slates, 630 gross rubber tipped pointers, 500 boxes word builders, 200 gross sandpaper disks, 32 gross 4-ounce bottles mucilage, 1,235 packages waxing mats, 128 packages parquetry paper, 1,000 boxes water colors, small, with brushes, 200 boxes water colors, large, with brushes, 110 M sheets of drawing paper, 300 M sheets of drawing paper, 400 M sheets of quincy practice paper, 20 M pencil tablets, 1 M ink tablets, 8 M music paper, 12 reams parchment paper, 60 dozen weaving needles, 6 M manila envelopes, 200 gross ink, 3 dozen quart bottles library paste

at an estimate cost of about \$3,750. The report was adopted.

**Leave of Absence.**

The committee on teachers and school work recommended that Miss Carrie L. Paine, teacher of the High School, and Miss Nora Holm, teacher at the Lowell school, be granted a leave of absence for the next school year, without pay, for the purpose of operating their health and devoting some time to special study, which was adopted.

**Teachers' Examination.**

The committee on teachers and school work recommended the appointment of Joseph T. Kingsbury and R. J. Caskey as associate examiners of the committee for the teachers' examination to be held June 18th and 19th, 1895, at a salary of \$5 per day.

That the superintendent of schools be authorized to advertise in the daily papers the teachers' examination to be held June 18th and 19th, 1895.

That the superintendent be authorized to incur the expense of having the examination questions printed and purchasing the necessary stationery, etc., for the teachers' examination.

That the superintendent be authorized to purchase supplies for his office and the purchase of \$5 worth of postage stamps and 100 2-cent envelopes for office use, all of which was adopted.

**Principals Employed.**

The committee on teachers and school work recommended the employment and the assignment of the following as principals for the school year beginning July 1st, 1895, at the monthly salaries designated: W. R. Malone, High school, \$200 per school month; W. McCoy, Ogden, \$115; A. S. Martin, Grant, \$115; William Bradford, Jackson, \$115; O. H. Avey, Washington, \$115; G. N. McKay, Lowell, \$115; Elizabeth M. Quiltrough, Hamilton, \$115; F. D. Kiehl, Lincoln, \$115; J. E. McKnight, Fremont, \$115; A. E. Knuckley, Wasatch, \$115; E. S. Hallock, Franklin, \$115; W. W. Barton, Sumner, \$115; S. J. McBride, Tenth, \$85; Etta Powers, Seventh, \$85 (provided the same number of teachers and rooms are retained); Ray E. Chase, Emerson, \$80; Mary B. Cooper, Twenty-first, \$80; Frank R. Knight, Twelfth, \$80; Ida B. Woodworth, Seventeenth, \$75; Mrs. S. R. Rogers, Ninth, \$72.

The committee further recommended that the above named principals be required to notify the board of their acceptance or declination before the 15th of June; and that they further be required to enter into such written contract as the board may require, provided, no contract will be entered into with principals who do not hold lawful certificates covering the next school year.

High school matters were reported upon and adopted as follows:  
Teachers—David Uiter, \$100 per month; Maude M. Smith, \$85; Harriet E. Chapman, \$85. The board has decided to employ at a salary of \$80 per month. These teachers must notify the board of their acceptance before June 1st.

**High School Exercises.**  
In connection with the High School commencement exercises in the High School, the teachers' committee submitted the following programme and graduates. The names of the graduates are:

## Nervousness

Is really only another name for impure blood, for no person is weak and nervous whose blood is perfectly pure.

When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness?

Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowledged the greatest remedy.

Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are curing your nervousness when you are taking a preparation which only quiets your nerves! It is like trying to "drown" your sorrows in the flowing bowl. They are sure to return, ten-fold worse.

We wish to make most impressive, then, this truism:

You cannot purify your blood by DEADENING OF QUIETING your nerves with opiate, narcotic or nerve compounds. If you take such articles you are only trifling with your troubles. There is sure to be a reaction which will leave you worse than you were before.

Why not then, take the true course, follow the bee-line to the state of health, purify your blood and cure your nervousness by taking
